CNPP 2.875% 2032 - NERVAL SAS

Environmental quality of projects	ESG quality of issuer	ESG quality of issue	Transparency
			

The framework stipulates that the funds raised must be allocated to the following project categories: - Green buildings: Acquisition of residential buildings in France either existing or under construction that meet the following criteria: o For buildings built before 31 December 2020: either with an energy performance certificate level at least equal to A or be among the 15% most energy efficient buildings in the national building stock o For buildings built after 31 December 2020: with primary energy demand at least 10% lower than the national level established for NZEB o Buildings must have obtained or aim to obtain, upon completion or after renovation, either an NF Habitat, H&E or NF Habitat HQE environmental certification - Energy efficiency: Investments in individual energy efficiency measures

ESG performance indicators definition

Carbon intensity

The carbon intensity is the weighted average greenhouse gas (GHG) emissions per million euros of revenue. Scope 1, 2 and 3 emissions are taken into account.

Scope 1 and 2 correspond to emissions directly emitted by the company and those indirectly linked to its energy consumption. Scope 3 emissions are those emitted by the company's suppliers and those emitted during the use and end of life of the products it creates.

Source: Iceberg Data Lab, Groupama AM calculations.

Green Part

The green share is the percentage of a company's revenue devoted to economic activities that contribute positively to energy and ecological transition.

Source: Iceberg Data Lab, Groupama AM calculations

Implied temperature

Implied temperature is the difference between a company's projected carbon intensity trajectory and the reference trajectory of a climate scenario compatible with the Paris Agreements.

Source: Iceberg Data Lab, Groupama AM calculations.

Long-term unemployment rate

Score ranging from 1 (high) to 10 (low). The score is calculated from national long-term unemployment rates, defined as the percentage of the labour force aged from 15 to 64 who have been unemployed for 12 months or more.

Freedom of expression and citizenship

Perception of the extent to which citizens of a country can participate in the selection of their government, as well as freedom of speech, association, and the press. The score varies from 0 (very bad perception) to 100 (very good perception)

Control of corruption

Perception of the extent to which public power is exercised for private interests, whether small or large forms of corruption, as well as the private interests of the elites of a given state. The score varies from 0 (very bad perception) to 100 (very good perception)
